II. Notes to the Balance Sheets and Management's Discussion & Analysis

Note 1 – Basis of Presentation

Objectives

On the Effective Date, the Plan became effective and the Debtors emerged from bankruptcy with a new Board of Directors (LBHI's Board of Directors hereinafter referred to as the "Board"). The Company continues to pursue the objectives of asset value maximization and timely distributions to creditors of available cash through the optimal execution of an orderly wind down process and the judicious and timely resolution of claims. Pursuant to the Plan, the Plan Administrator has made and expects to continue to make semi-annual distributions to creditors of Debtors, with each entity subject to review at each distribution date.

Basis of Presentation

The information and data included in the Quarterly Financial Report, including the Balance Sheets, Notes to the Balance Sheets, Accompanying Schedules, and Post-Eleventh Distribution Cash Flow Estimates (collectively, the "Quarterly Financial Report") are derived from sources available to the Debtors and Debtor-Controlled Entities (collectively, the "Company" or "Controlled Affiliates"). The term "Debtor-Controlled Entities" refers to those entities that are directly or indirectly controlled by LBHI and have not filed for protection under Chapter 11 of the Bankruptcy Code. Debtor-Controlled Entities excludes, among others, certain entities (such as Lehman Brothers Inc. ("LBI"), Lehman Brothers International (Europe) (in administration) ("LBIE") and Lehman Brothers Japan ("LBJ") that were not managed or controlled by a Debtor as of the Effective Date and are under separate administrations in the U.S. or abroad, including proceedings under the Securities Investor Protection Act (collectively, "Non-Controlled Affiliates").

The Company has prepared the Quarterly Financial Report based on the information available to the Company at the date of filing; however, such information may be incomplete and may be materially deficient. Material uncertainties continue to exist regarding the ultimate value realizable from the Company's assets, the timing of asset recoveries, future costs, and the eventual level of allowed creditors' claims. Accordingly, the Quarterly

Financial Report is not meant to be relied upon as a complete description of the Company, its business, condition (financial or otherwise), results of operations, prospects, assets or liabilities. The Company reserves all rights to revise this report.

In preparing the Quarterly Financial Report, the Company made various estimates and assumptions based on information available to the Company. As such, this report contains forward-looking statements that involve known and unknown risks, uncertainties and other factors which may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including all statements containing information regarding the intent, belief or current expectation of the Company and members of its management. Accordingly, the financial information herein is subject to change and any such change may be material.

The Quarterly Financial Report should be read in conjunction with the Company's previous filings, including Form 8-K reports as filed with the United States Securities and Exchange Commission ("SEC"), the Plan and related Disclosure Statement (the "Disclosure Statement") dated August 31, 2011, and other documents filed after the Commencement Dates with various regulatory agencies or the Bankruptcy Court by LBHI, other Debtors and Debtor-Controlled Entities.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 1 – Basis of Presentation (*continued*)

The Quarterly Financial Report:

- Reflects activities through October 6, 2016, including the eleventh Plan Distribution (“D11”)
- Is not audited nor prepared in accordance with U.S. Generally Accepted Accounting Principles (“GAAP”);
- Does not reflect period-end adjustments, including accruals; and
- Includes certain items that remain under continuing review by the Company and may be accounted for differently in future Quarterly Financial Reports.

Trends and Uncertainties

The Company owns real estate, private equity investments, loans, derivative contracts, and other assets in a wide variety of local, domestic and global markets, and as such, in future periods the values of these assets are subject to trends, events and factors beyond the Company’s control, including but not limited to: the local, domestic and global economic environment; changes in budget, tax and fiscal policies in the U.S. and other countries; fluctuations in debt and equity markets, interest rates, and currency exchange rates; litigation risk; and changes in regulatory requirements.

Note 2 – Use of Estimates

In preparing the Quarterly Financial Report, the Company utilizes various estimates that affect reported amounts and disclosures. For example, estimates are used to determine expected recoverable amounts from certain financial instruments and other assets, and to establish claims amounts and various reserves.

Estimates are based on available information and judgment. As more information becomes available to the Company, including the outcome of various negotiations and litigations, the Company may revise estimates accordingly.

Note 3 – Cash and Short-Term Investments

Cash and short-term investments include:

- demand deposits;
- interest-bearing deposits with banks;
- U.S. and foreign money-market funds;
- U.S. government obligations;
- U.S. government guaranteed securities;
- investment grade corporate bonds and commercial paper; and
- AAA-rated asset-backed securities secured by auto loans and credit card receivables.

As of October 6, 2016, the majority of the Company’s short-term investments were scheduled to mature by December 31, 2016.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 5 – Financial Instruments and Other Inventory Positions (*continued*)

Commercial Real Estate

Commercial Real Estate includes whole loans, real estate owned properties, joint venture equity interests in commercial properties, and other real estate-related investments.

The Company utilizes various pricing models to determine the recovery values of assets within the Commercial Real Estate portfolio. These pricing models often incorporate current market prices, estimated future cash flows net of obligations to third parties, brokers' opinions of value, and third party analyses.

As of October 6, 2016, the Company estimated the aggregate remaining recovery value for the Commercial Real Estate portfolio at \$213 million. Between June 30, 2016 and October 6, 2016, the Company:

- monetized \$103 million of inventory, primarily through the sales of residential land, condominiums and other assets at PAMI Holdings LLC and PAMI ALI LLC; and
- incurred \$4 million of non-operating costs, primarily for asset improvements and/or transaction-related costs.

Loans and Residential Real Estate

The Loans and Residential Real Estate portfolio includes commercial term loans with fixed maturity dates, corporate equity securities, residential whole loans and residential mortgage-backed securities.

The Company utilizes internal pricing models, which incorporate current market prices and historical and estimated future cash flows to determine the recovery values of loans. Recovery values for mortgage-backed securities are based primarily on third-party valuation analyses, which generally include market prices for similar assets and various pricing assumptions.

Potential future recoveries related to indemnity claims against third parties transferred to LBHI pursuant to the Fannie Mae and Freddie Mac Agreements (refer to the Mortgage Sellers litigation in *Note 12 – Legal Proceedings*, for additional information) are excluded from estimated recovery values, as the outcomes, many of which are subject to

litigation, are uncertain and contingent upon various legal factors outside of the Company's control.

As of October 6, 2016, the Company estimated the aggregate remaining recovery value for the Loans and Residential Real Estate portfolio at \$121 million. Between June 30, 2016 and October 6, 2016, the Company (i) increased the estimated recovery value for the portfolio by \$13 million, and (ii) monetized \$70 million of inventory.

Private Equity / Principal Investments

Private Equity / Principal Investments include equity and fixed-income direct investments in companies, and general partner and limited partner interests in investment fund vehicles (including private equity) and related funds.

Recovery values for private equity / principal investments and general partner interests are based on comparable trading and transaction multiples, period end publicly quoted prices, and estimated future cash flows. Limited partner interests in private equity and hedge funds are valued at the net asset value unless an impairment is assessed. Recovery value may be impacted for those positions that are subject to confidentiality restrictions and transfer restrictions for which the Company may need consent from sponsors, general partners and/or portfolio companies in order to (i) share information regarding such positions with prospective buyers and/or (ii) transfer such positions to a buyer.

As of October 6, 2016, the Company estimated the aggregate remaining recovery value for the Private Equity / Principal Investments portfolio at \$964 million. Between June 30, 2016 and October 6, 2016, the Company:

- monetized \$186 million of inventory, primarily through the partial sale of the Company's interest in Formula One, as well as distributions from limited partnership interests; and
- increased the estimated recovery value for the portfolio by \$324 million, primarily driven by the increased estimated recovery value of the Company's interest in Formula One as a result of the sale to Liberty Media Corporation, as well as mark-to-market changes on other publicly held positions.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 5 – Financial Instruments and Other Inventory Positions (*continued*)

Derivative Assets and Derivatives Liabilities

Derivative assets and Derivative liabilities represent amounts due from/to counterparties related to matured, terminated and open trades, and are recorded at expected recovery/claim amounts, net of cash and securities collateral.

The Company's estimated recovery values for Derivative assets and claim amounts are determined using internal and third party valuation models and data sources, internal assessments, valuation assumptions asserted by counterparties, certain assumptions regarding contract provisions, and management judgment.

For derivative litigation actions which may result in a potential recovery to the Company ("Affirmative Litigations"), the largest of which are listed and described in *Note 12 – Legal Proceedings*, estimated recoveries are recorded at zero unless one of the following conditions are met:

- (i) The Company has reached agreements in principle with the corresponding counterparties, in which case the recovery value is recorded at the agreed amounts; or
- (ii) The Company has locked in value by purchasing notes of various special purpose vehicles, in which case the Balance Sheets reflect estimated recovery values at the value locked in.

Derivative claims are recorded in Liabilities Subject to Compromise as follows:

- (i) Resolved claims are recorded at values agreed by the Company; and
- (ii) Unresolved claims are recorded at amounts estimated to be allowed by the Company.

Derivative claims recorded by LBSF include LBSF's obligations under the RACERS swaps (refer to Section IV.I.b of the Disclosure Statement).

As of October 6, 2016, the Company estimated the aggregate remaining recovery value for the Derivatives portfolio at \$133 million. Between June 30, 2016 and October 6, 2016, the Company:

- collected \$33 million from mediations and other settlements related to special purpose vehicles and various other counterparties; and
- increased the estimated recovery value for the portfolio by \$32 million.

As of October 6, 2016, the Company estimated aggregate Derivative liabilities, before any distributions, at \$24.1 billion.

Hedging Programs

The Company conducts hedging programs to protect (i) against the loss of value of a portion of certain foreign affiliate receivables and real estate assets due to fluctuations in foreign exchange rates, and (ii) the value of certain derivatives transactions that have not been terminated by counterparties.

As of October 6, 2016, the Company's currency hedging program included hedges against movements in the Euro, British pound, and Swiss franc, primarily related to certain foreign currency exposures in Receivables from Non-Controlled Affiliates. Total notional amounts hedged related to Receivables from Non-Controlled Affiliates were approximately €291 million, £841 million, and CHF 157 million.

As of October 6, 2016, the cash posted as collateral, net of gains or losses on hedging positions, for the Company's foreign currency hedging program of \$100 million and Derivatives hedging activities of approximately \$10 million is reflected on the Company's Balance Sheets in "Receivables from Controlled Affiliates and Other Assets" and "Derivatives Receivables and Related Assets," respectively.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 6 – Receivables from Debtors and Debtor-Controlled Entities and Other Assets

Receivables from Debtors and Debtor-Controlled Entities and Other Assets includes: (i) \$2.5 billion related to certain post-petition activities between and among Debtors and Debtor-Controlled Entities, with the corresponding liabilities reflected in Payables to Debtors and Debtor-Controlled Entities and Other Liabilities, and (ii) \$474 million of other assets.

The following table summarizes the main components of Receivables from Debtors and Debtor-Controlled Entities and Other Assets as of October 6, 2016:

Cost Allocations

Expenses related to obligations for certain administrative services and bankruptcy related costs are generally paid by LBHI then allocated on a quarterly basis to Debtor and Debtor-Controlled Entities with material remaining inventory and/or unresolved claims. A revised methodology for allocating expenses was implemented for expenses disbursed beginning April 1, 2012 (the “Post-Effective Methodology”). The Post-Effective Methodology categorizes and allocates administrative expenses as follows:

- (i) Costs directly attributable to specific legal entities, such as dedicated staff costs and professional fees associated with assets or legal matters which benefit specific legal entities, are directly assigned to the corresponding legal entities;
- (ii) Costs attributable to the support and management of specific asset and claim portfolios, such as asset management and claim staff, professional fees and technology costs to support the asset and claim portfolios, are allocated among legal entities based on the (a) pro rata ownership of inventory within each asset portfolio, and (b) pro rata claims for certain claim categories;
- (iii) Costs associated with general claims mitigation, distributions, and other bankruptcy-related activities are allocated among Debtors based on outstanding unresolved claims and cumulative distributions; and
- (iv) All remaining administrative costs are allocated among Debtors based on outstanding unresolved claims and estimated future distributions.

The Company continually reviews the methodology for allocating costs, and adjustments are reflected in the Balance Sheets.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 7 – Investments in Affiliates

Investments in Debtor-Controlled Entities are recorded in the Balance Sheets at book values. Investments in Debtor-Controlled Entities that have incurred cumulative net operating losses in excess of capital contributions are shown as negative amounts.

The earnings or losses of (i) Debtors owned by other Debtors (e.g. LBCS is a direct subsidiary of LBSF) or Debtor-Controlled Entities (e.g. LCPI is a direct subsidiary of Lehman ALI Inc. (“ALI”)), and (ii) Debtor-Controlled Entities owned by Debtors (e.g. ALI is a direct subsidiary of LBHI) are not eliminated in the Balance Sheets, and as a result, Investments in Affiliates reflect the earnings or losses of Debtors and certain Debtor-Controlled Entities more than once.

Adjustments to Investments in Affiliates may be required in future Balance Sheets (including write-downs and write-offs), as amounts ultimately realized may vary materially from amounts reflected on the Balance Sheets herein.

Debtor-Controlled Entities – Aurora Commercial Corp.

The investment in Aurora Commercial Corp. (formerly known as Aurora Bank FSB) (“Aurora”), a wholly-owned subsidiary of Lehman Brothers Bancorp Inc. (“LBB”), which is a wholly owned subsidiary of LBHI, is reflected in LBB’s Balance Sheets on a consolidated basis.

Aurora is a party to various litigation matters, primarily matters in which various counterparties have asserted claims against Aurora arising out of Aurora’s mortgage servicing operations. Aurora establishes accruals for loss contingencies as it becomes probable that a loss will be incurred and the amount of that loss can be estimated.

In connection with various Aurora asset sales, LBB entered into certain guarantee agreements with the respective purchasers of the Aurora assets. In accordance with the terms of those agreements, LBB is potentially liable for an aggregate amount up to a maximum of \$100 million, if Aurora fails to perform under its indemnity obligations to the purchasers of its assets.

The ultimate recovery value for Aurora, which may vary materially from the amount reflected on the Balance Sheets due to significant costs related to wind down, litigation and other potential liabilities, may be adjusted (including write-downs and write-offs) in future Balance Sheets.

Non-Controlled Affiliates

All investments in Non-Controlled Affiliates were written off in 2011 as the Company deemed recovery on these equity investments unlikely to occur due to the bankruptcy proceedings of these entities in their local jurisdictions.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 8 – Due from/to Affiliates

Due from/to Affiliates represents (i) receivables related to transactions among Debtors, Debtor-Controlled Entities and Non-Controlled Affiliates (separately or collectively, “Affiliates”), and (ii) payables by Debtor-Controlled Entities to Debtors and Non-Controlled Affiliates. Certain balances are reflected in “Due from” and “Due to” as a result of the assignments of claims against the Debtor and therefore are not netted.

Due from/to Affiliates are recorded in the Balance Sheets at book values, and where applicable, these balances are recorded net of cash distributions. The Balance Sheets do not reflect potential realization or collectability reserves for Due from Affiliates balances nor estimates of potential additional payables to Affiliates. As a result, adjustments (including write-downs and write-offs) to Due from/to Affiliates, which are material, will be recorded in future Balance Sheets.

Joint Venture to Facilitate Resolution of LBIE Claims

On January 31, 2014, Lehman Brothers Holdings Intermediate 2 Ltd. (“LBHI2”), a Non-Controlled Affiliate, LBHI, and Elliott Management Corporation and King Street Capital Management, L.P. (together, the “Funds”) entered into definitive documentation and consummated a joint venture to facilitate the resolution of LBIE claims (the “Joint Venture”):

- LBHI2 contributed to the Joint Venture its senior claim of GBP 38 million (“Senior Claim”), subordinated claims of GBP 1.25 billion (“Sub Debt”), and a portion of the economic interest in its preferred equity (“Preferred Equity”) in LBIE.
- The Funds paid approximately GBP 650 million to LBHI2 and contributed to the Joint Venture the distributions on their claims against LBIE (approximately GBP 2.6 billion as of January 31, 2014) in excess of the principal amount plus post-administration interest at 8% per year. LBHI2’s final recoveries and distributions will be determined following the resolution of various outstanding legal issues currently in litigation.

The Joint Venture includes a joint recovery pool governed by a specific sharing formula. Subject to certain adjustments, which could be material, all recoveries from the Sub Debt, Senior Claim and the Funds’ contribution are split as follows:

- (a) 100% to the Funds up to GBP 650 million;
- (b) then 70% to the Funds and 30% to LBHI2 up to GBP 1.3 billion (plus interest);
- (c) then 50% to the Funds and 50% to LBHI2 up to GBP 2.2 billion (plus interest); and
- (d) 25% to the Funds and 75% to LBHI2 over GBP 2.2 billion (plus interest).

A detailed summary of the terms of the parties’ commitments and the Joint Venture is available at www.lehman-docket.com in the Key Documents section.

If LBIE makes distributions on the Preferred Equity before aggregate distributions from the Joint Venture to the Funds and LBHI2 have reached GBP 2.2 billion (plus interest), then, in certain circumstances, LBHI2, Lux Finance and LBHI shall be obligated to make payments to preserve the economic terms of the transaction as if 100% of the Preferred Equity proceeds had been transferred by LBHI2 to the Joint Venture.

Receivables from LBHI2:

- Luxembourg Finance Sarl (“Lux Finance”) and LB Scottish Holdings LP3 (“SLP3”) have receivables from LBHI2 of \$749 million (including \$19 million of accrued interest) and \$77 million (consisting of exclusively accrued interest), respectively. Accrued interest was computed through the date LBHI2 entered administration.
- As recoveries on these receivables are contingent on the resolution of a number of complex legal disputes surrounding distributions from LBIE, the Company has not recorded an estimate of future recoveries on the subordinated receivables from LBHI2 of \$6.139 billion (“SLP3 Sub Rec”), nor any additional accrued interest that may accrue subsequent to LBHI2’s administration date at Lux Finance and/or SLP3. The Company has reserved in full for the SLP3 Sub Rec.
- LB UK Holdings Delaware is the indirect parent and the beneficiary of any proceeds paid pursuant to the SLP3 Sub Rec.
- In addition, the Company has receivables from certain Non-Controlled Affiliates that have claims against LBHI2.

Bankhaus Creditors' Settlement

On November 25, 2014, at the Bankhaus General Creditors Assembly Meeting, 99.5% of the Bankhaus creditors agreed to the "Harmonizing Resolution", as follows:

Pursuant to bilateral agreements with LBHI, various Bankhaus creditors consented to, among other things, the resolution of the conflicting insolvency law issues, in particular section 44a of the German Insolvency Code, regarding the treatment of allowed claims in the Bankhaus insolvency proceedings and agreed to assign to LBHI their direct claims against Bankhaus after their claims have been satisfied in full through the combination of distributions from Bankhaus on their direct claims and distributions from LBHI on their guarantee claims. LBHI agreed on the allowance of counterparties' guarantees against LBHI.

As of October 6, 2016, LBHI has (1) satisfied guarantee claims allowed against LBHI with a face

value of \$10.3 billion, and (2) been assigned direct claims against Bankhaus that correspond to the satisfied guarantee claims with a face value of €9.3 billion. In addition, €142 million of unsecured claims against Bankhaus have been assigned to LBHI pursuant to purchase agreements with third parties.

In addition, LBHI purchased the remaining 0.5% of non-participating creditor claims.

Note 10 – Taxes Payable

Taxes payable is an estimate of tax liabilities, net of the estimated impact of any refund claims, deposits and net operating losses (“NOL”). Taxes payable have been allocated among the members of the LBHI Tax Group pursuant to the Debtor Allocation Agreement (the “DAA”) (see below for further information).

As of October 6, 2016, the Company has recorded an estimate of \$140 million for potential pre- and post-petition amounts owed to federal, state, local and international taxing authorities. The estimated Taxes Payable decreased \$135 million as compared to June 30, 2016, including estimated adjustments to both payables and receivables for Debtors and Debtor-Controlled Entities, as a result of:

- (i) federal, state and international audit progression,
- (ii) the receipt of a \$335 million income tax refund on September 15, 2016 related to the 1997-2010 Internal Revenue Service (the “IRS”) audit

periods (an estimate of this refund was reflected in estimated Taxes Payable in the Balance Sheets as of June 30, 2016),

- (iii) the expungement of the IRS proof of claim, and
- (iv) the reclassification of all settled amounts to the “due from” or “due to” Affiliates accounts.

Debtor Allocation Agreement

The Debtor Allocation Agreement, which became effective on the Effective Date, addresses the relationship among the Debtors and certain Affiliates with respect to consolidated federal/combined state/local income taxes for pre-petition and post-petition years. Pursuant to the DAA, any tax receivables or payables related to pre-petition, consolidated group taxes, including the IRS refund, are treated as allowed pre-petition claims between LBHI and other Debtors and Debtor-Controlled Entities and subject to set-off or recoupment.

(b) Allowed Guarantee claims (primarily Bankhaus \$7.4 billion, LBCS \$1.5 billion, LBF \$0.4 billion, LOTC \$0.2 billion and LBCC \$0.2 billion), net of distributions, deemed satisfied as a result of distributions to creditors from the combination of the primary obligor and LBHI as the guarantor.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Note 11 – Liabilities Subject to Compromise (*continued*)

As of October 6, 2016, Liabilities Subject to Compromise were estimated at approximately \$188.2 billion, net of distributions and other reductions.

Through October 6, 2016, the Debtors have allowed approximately \$320.3 billion in claims, and have remaining approximately \$49.3 billion of unresolved filed claims, which are estimated to be allowed at \$8.1 billion (including \$546 million of post-petition interest recorded at certain Debtors). The Estimated Unresolved Claims to be Allowed decreased \$0.7 billion as compared to June 30, 2016.

On June 30, 2015, the Bankruptcy Court extended the period within which the Plan Administrator may file objections to or motions to estimate the remaining asserted claims for an additional eighteen months to March 6, 2017.

Unliquidated Claims

There are two significant unliquidated claims against BNC (Claim No. 31036 and 33107) which, if liquidated and allowed, would have a material impact on the recoveries to BNC claimants and would result in creditors receiving significantly less than a 100% recovery on their claims.

Distributions Pursuant to Plan

Eleventh Plan Distribution

On October 6, 2016, the Debtors made their eleventh Plan Distribution to creditors. The Company distributed to creditors approximately \$3.8 billion, of which approximately \$3.1 billion was distributed on account of claims owned or formerly owned by third party creditors. The \$3.1 billion includes approximately \$162 million of distributions to LBHI on account of claims against LBHI, which were previously owned by third party creditors, but held by LBHI on the D11 record date.

Distributions through October 6, 2016

Through D11, the Debtors have made distributions to creditors totaling \$113.6 billion, of which \$83.6 billion were payments on account of claims owned or formerly owned by third party creditors.

Post-Petition Interest

In accordance with section 8.13(c) of the Plan, to the extent that any Debtor has Available Cash, as defined in section 1.5 of the Plan, after all Allowed Claims against that Debtor have been satisfied in full, each holder of each such Allowed Claim entitled to receive post-petition interest shall receive post-petition interest on the Allowed amount of such Claim.

As of October 6, 2016, LOTC has recorded an estimate of approximately \$17 million for post-petition interest, net of (i) distributions to LBHI of approximately \$155 million on claims that were purchased by LBHI from third party creditors for post-petition interest, and (ii) \$12 million for Plan Adjustments. The \$17 million excludes estimates for post-petition interest on affiliate claims and claims assigned to LBHI through the Lehman Brothers Finance S.A. (“LBFI”) Settlement in March 2013 (refer to the December 31, 2013 Balance Sheets, Docket No. 43916, for additional information). LOTC has not recorded an estimate for post-petition interest payable to Debtor-Controlled Entities, as substantially all remaining cash at LOTC (after all Allowed Claims have been satisfied in full) will flow to LBHI in the form of payment on post-petition interest and/or an equity distribution.

LBCC has recorded an estimate of \$299 million for post-petition interest for both third party and affiliate claims (after all Allowed Claims have been satisfied in full). This amount is based on the Post-D11 Cash Flow Estimates and includes amounts that will be paid related to Plan Adjustments.

Quarterly Financial Report as of October 6, 2016 (Unaudited)**Note 12 – Legal Proceedings**

The Company is involved in a number of judicial, regulatory and mediation proceedings concerning matters arising in connection with the bankruptcy proceedings and various other matters. The Company is unable at this time to determine the financial impact of such proceedings and the impact that any potential recoveries or liabilities may have upon the Balance Sheets. As more information becomes available, the Company may record revisions, which may be material, in future Balance Sheets.

Note 12 – Legal Proceedings (*continued*)

(a) LBHI v. JP Morgan Chase Bank N.A. (“JP Morgan”)

As previously reported, on October 19, 2011, LBHI filed an objection to JPMorgan’s proof of claim against LBI and LBHI, as guarantor, related to purported losses it incurred in connection with its clearing activities for LBI. LBHI seeks to reduce those claims based upon JPMorgan’s allegedly commercially unreasonable liquidation of thousands of LBI securities held as collateral, including self-dealing, which allowed JPMorgan to generate hundreds of millions of dollars in profits that otherwise would have reduced the claim. This matter is now in the fact deposition phase of discovery.

Refer to the filed Balance Sheets as of March 31, 2016 for previous disclosure.

(b) Federal Tax Litigation - Stock Loan

On May 16, 2016, LBHI and the United States reached a final settlement on Stock Loan, resolving years 1999-2004. The Second Circuit case, which commenced on July 7, 2015, was withdrawn without prejudice due to the settlement.

Refer to the filed Balance Sheets as of March 31, 2016 for previous disclosure.

(c) Merrill Lynch Capital Services (“MLCS”)

On June 12, 2014, LBSF commenced an adversary action against MLCS to recover approximately \$21 million related to two interest rate swaps contracts. In November 2016, LBSF and MLCS entered into a settlement agreement and the action was dismissed with prejudice.

Refer to the filed Balance Sheets as of June 30, 2014 for previous disclosures.

(d) Republic of Italy

On September 26, 2009, LBDP filed an action in the Civil Court of Rome against the Republic of Italy (the “Republic”) to recover amounts owed in connection with the termination of derivatives contracts entered into with the Republic in May 2005. By decision of March 16, 2012, the Civil Court of Rome ruled against LBDP and in favor of the Republic. LBDP appealed the decision on April 16, 2012. The briefing on the appeal concluded on July 25, 2016 and the parties are awaiting the appellate court’s ruling.

Refer to the filed Balance Sheets as of September 30, 2012 for previous disclosures.

(e) Mortgage Sellers

As disclosed in previous Balance Sheets, on May 29, 2014, the Company filed a motion to establish alternative dispute resolution (“ADR”) procedures for indemnification claims against mortgage sellers (“Mortgage Sellers”) related to the settlements of claims litigation with the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation. The ADR procedures provide that the Company and each Mortgage Seller participate in good faith and comply with the proposed ADR procedures in which each party will be required to respond to proposed settlements, engage in settlement discussions, participate in any mediation in good faith, and other procedures. Thereafter, LBHI has aggressively pursued its indemnification rights both through ADR and in litigation, including the February 3, 2016 filing of an omnibus adversary case against approximately 140 Mortgage Sellers.

On November 1, 2016, a Case Management Order (“CMO”) was filed in the omnibus adversary action. Separate actions have since been filed against 113 Mortgage Sellers in accordance with the CMO. These additional separate actions do not increase the amount of the damages sought by the Plan Administrator in the original omnibus adversary case.

(f) Federal Home Loan Bank of Cincinnati (“FHLB Cin”)

On December 12, 2016, the parties agreed to settle LBSF’s case against FHLB Cin. The terms of the settlement are confidential.

Note 12 – Legal Proceedings (*continued*)

(g) LBIE Waterfall Applications

(i) LBIE Sub-Debt Waterfall I Application

On October 17-20, 2016, the UK Supreme Court heard appeals brought by LBHI, LBHI2, Lehman Brothers Ltd. (“LBL”) and certain cross-appeals brought by LBIE in respect of the Waterfall I litigation. The Supreme Court reserved judgment at the conclusion of the hearing. A judgment is expected in the first half of 2017.

(ii) LBIE Waterfall II Application

The UK Court of Appeals will hear the appeals of Waterfall II (A) & (B) in April 2017. The UK High Court rendered its decision on Waterfall II (C), dealing with questions concerning the interpretation of the ISDA Master Agreements, in October 2016. It is expected that parties will appeal this ruling; such appeal will likely be heard in 2017 or early 2018.

(iii) LBIE Waterfall III Application

On April 25, 2016, LBIE filed an application to the UK High Court for directions to determine various issues concerning any potential contributory liability of LBIE’s members and other affiliate issues. Parties to Waterfall III are LBIE, LBHI2, LBL, Lehman Brothers Europe Ltd. (“LBEL”) and Lehman Brothers Holdings Plc (“LBH”). The trial for Waterfall III is scheduled to begin in January 2017.

Note 13 – Currency Translation

The Company's general ledger systems automatically translate assets and liabilities recorded in non-U.S. dollar functional currencies using exchange rates as of the date of the Balance Sheets. The gains or losses resulting from translating non-US dollar functional currency into U.S. dollars are reflected in Stockholders' Equity.

Note 14 – Financial Systems and Control Environment

Procedures, controls and resources used to create the Balance Sheets were modified, including a significant reduction in resources, in comparison to what was available to the Company prior to the Chapter 11 cases. The Company is continuously reviewing its accounts, and as a result, modifications, errors and potential misstatements might be identified. Consequently, the Company may record adjustments, which may be material, in future Balance Sheets.

Note 15 – Subsequent Event

On February 1, 2017, the Plan Administrator filed a motion with the Bankruptcy Court (Docket No. 54683) for approval of a settlement agreement among LBHI, certain Controlled Entities, and JPMorgan (the "JPM Settlement Agreement"), which resolves the last of LBHI's disputes with JPMorgan. The JPM Settlement Agreement provides for, among other terms, the net cash payment of \$797.5 million from JPMorgan to LBHI for the benefit of LBHI and its subsidiaries, the withdrawal of LBHI's objections to certain claims related to JPMorgan's application of proceeds from the disposition by JPMorgan of certain collateral held against intraday credit and securities lending transactions for LBI, and the final resolution of other matters (refer to *Note 13 - Legal Proceedings* for previous disclosure, or Docket No. 54683 for information on the JPM Settlement Agreement).

A. Basis of Presentation

The information and data included in these cash flow estimates and notes thereto (the "Post-D11 Cash Flow Estimates") were prepared to update the Adjusted Post-Ninth Distribution Cash Flow Estimates filed July 27, 2016 (the "Post-D9 CFE"), and are based on estimated cash flows from assets managed in an orderly wind down and/or sale (and related costs of operations) over the period from October 7, 2016 through December 31, 2018 (the "Estimate Period" or "Post-D11").

As the Company cannot definitively specify a date for the final termination of its activities, these Post-D11 Cash Flow Estimates include an estimate for expenses for potential residual activities (remaining asset dispositions, disputed claims resolutions, outstanding litigations, and administrative wind-down) that may extend beyond 2018.

All cash flows in the Estimate Period are presented on an undiscounted basis.

Key Assumptions

Recoveries from Non-Controlled Affiliates

Estimates of recoveries from Non-Controlled Affiliates are based on internal valuation models utilizing information obtained from both Non-Controlled Affiliates' fiduciaries, as well as information obtained by the Company through settlement negotiations, involvement on creditors' committees and ongoing cooperative exchanges.

Certain receivables from Non-Controlled Affiliates are held in foreign currencies, and as such, estimated recoveries related to these receivables are subject to movements in foreign exchange rates. A portion of these exposures are hedged through the Company's currency hedging program (see *Note 5 - Financial Instruments and Other Inventory Positions* in the Notes to the Balance Sheets).

The majority of estimated remaining recoveries from Non-Controlled Affiliates are contingent upon (i) the resolution of matters in dispute and/or active litigation, (ii) the receipt of non-U.S. government and/or Court approvals, and/or (iii) the final wind down of estates not controlled by the Plan Administrator. As such, the timing and amount of future recoveries from Non-Controlled Affiliates is uncertain.

For further discussion of assumptions related to estimates of Recoveries from Non-Controlled Affiliates, refer to Section D herein.

Litigation

For litigation actions which may result in a potential recovery to the Company ("Affirmative Litigations"), the largest of which are listed and described in Note 12 in the Notes to the Balance Sheets, the Post-D11 Cash Flow Estimates **exclude** estimated recoveries unless one of the following conditions is met:

- (i) The Company has reached agreements in principle with the corresponding counterparties, in which case the Post-D11 Cash Flow Estimates reflect estimated recoveries at the agreed amounts, or
- (ii) The Company has locked in value by purchasing notes of various special purpose vehicles, in which case the Post-D11 Cash Flow Estimates reflect estimated recoveries from the value locked in.

The Company expects that the actual amounts of future recoveries related to Affirmative Litigations will be material; however, final litigation outcomes are contingent on a number of factors outside of the Company's direct control and are thus uncertain.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Key Assumptions (*continued*)

Litigation (continued)

Although potential litigation receipts are excluded herein, the Post-D11 Cash Flow Estimates *do* include the estimated costs (*i.e.* professional legal and advisory fees) of supporting such litigations. As the Company continues to monetize its remaining financial inventory and wind down its operations, the estimated costs of supporting the Company's ongoing litigation activities has become an increasingly larger portion of the Company's total estimated expenses.

Timing of Estimates

Estimates of recoveries from Non-Controlled Affiliates and the final resolution of litigation matters are subject to substantial timing uncertainties.

As estimated recoveries and expenses related to the above constitute the majority of the Post-D11 Cash Flow Estimates, the estimates herein do not reflect the Company's views with respect to timing.

Intercompany Recoveries Among Controlled Entities

The Post-D11 Cash Flow Estimates include estimated intercompany recoveries between and among Debtors and Debtor-Controlled Entities, including:

- (i) receipts on pre-petition intercompany claims,
- (ii) equity distributions, and
- (iii) receipts and payments related to post-petition activity.

The Post-D11 Cash Flow Estimates reflect the following assumptions in the calculation of intercompany recoveries between and among Debtors and Debtor-Controlled Entities:

- Allowed Claims as of October 6, 2016, and estimated unresolved third party claims to be allowed;
- An estimate of the allocation of taxes between and among Controlled Entities in accordance with the Debtor Allocation Agreement (Refer to *Note 10 – Taxes Payable* in the Notes to the Balance Sheets);
- Estimates for post-petition interest (refer to Note 11 in the Notes to the Balance Sheets), and equity distributions from Debtors and Debtor-Controlled Entities.

Foreign Exchange Rates

A significant portion of the Company's remaining estimated recoveries are denominated in currencies other than the U.S. Dollar. The estimates herein reflect estimated recoveries on non-U.S. Dollar denominated assets using foreign exchange rates as of October 6, 2016.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Presentation Differences

Post-D9 CFE

The Post-D11 Cash Flow Estimates differ from the Post-D9 CFE generally as follows:

- (i) as a result of changes to estimates, or
- (ii) as a matter of presentation whereby certain estimates are classified differently from the Post-D9 CFE, but there is no resulting economic effect on the overall recoveries to the applicable legal entity.

As part of the Company's planned operational wind-down and legal entity dissolution process, the Company has assigned and will continue to assign claims among Controlled Entities, typically from a subsidiary entity to a parent entity, with no resulting economic effect on overall recoveries. These assignments are reflected in the "Transfers, Reclassifications, Adjustments" column in the tables herein. For claim assignments in which Debtor entities are assigned claims against themselves (*i.e.*, when LBHI is assigned a claim against LBHI), the receivables and payables are netted in the Balance Sheets and similarly offset herein.

Operating Report - Schedule of Cash Receipts and Disbursements

Amounts presented in the Post-D11 Cash Flow Estimates, including actual results in the Prior Period, may differ from the presentation of cash flows in the Company's Post-Effective Operating Report – Schedule of Cash Receipts and Disbursements ("Cash Operating Report"), primarily as a matter of presentation, whereby certain amounts are classified differently from the presentation herein.

For example, LBHI collects cash on behalf of other Debtors and Debtor-Controlled Entities which do not maintain separate bank accounts. In such cases, the Cash Operating Reports reflect these cash collections at LBHI, whereas the Post-D11 Cash Flow Estimates reflect these cash collections at the entity on whose books the related assets are reported in the Balance Sheets.

Expenses related to incentive fees for the Board are recognized in accordance with the schedule of payments provided in the LBHI Director Incentive Compensation Plan (see Docket No. 44924 for further details).

Disclosure Statement

The presentation of the Post-D11 Cash Flow Estimates differs from the presentation of the "Cash Flow Estimates Through 2014" as reported in Exhibit 7 to the Disclosure Statement of the Plan ("DS Exhibit 7"). Refer to the 2012+ Cash Flow Estimates filed July 25, 2012 (the "2012+ CFE") for further discussion of these presentation differences.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

B. Highlights

Estimated Recoveries

Total estimates of aggregate gross recoveries, before operating disbursements and payments in satisfaction of secured, priority, administrative and unsecured claims of Debtors and liabilities of Debtor-Controlled Entities, increased by \$0.8 billion to \$98.8 billion in the Post-D11 Cash Flow Estimates as compared to \$98.0 billion in the Post-D9 CFE. Net of operating disbursements, total estimated net recoveries increased by \$0.8 billion to \$95.1 billion. This increase in the Company's estimated recoveries was primarily driven by (i) an increase in the estimates for the Private Equity/Principal Investments portfolio, and (ii) the September 2016 receipt of the IRS income tax refund of \$335 million, which had been excluded from prior estimates as a potential litigation recovery.

(*) CFO refers to Cash From Operations

- (2) Estimates included in DS Exhibit 7, adjusted for certain Presentation Adjustments (refer to the 2012+ CFE for further information).
- (3) The Operating Expense estimates in DS Exhibit 7 reflected the estimated costs for expected personnel and infrastructure requirements to support the workforce for each year from 2011 to 2014. These Operating Expense estimates did not include estimates for costs beyond 2014.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

C. Summary

The Company estimates that Total Post-D11 CFE Cash From Operations will be \$5.0 billion, an increase in estimates of \$0.8 billion compared to estimates presented in the Post-D9 CFE. This increase is primarily driven by (i) a \$284 million increase in estimated recoveries related to the Formula One investment in the Private Equity/Principal Investments portfolio, and (ii) an income tax refund of \$335 million in Other related to the 1997-2010 IRS audit periods (these recoveries were excluded from prior estimates).

These increases were partially offset by a (i) \$133 million reduction in estimated Recoveries from Non-Controlled Affiliates, primarily driven by fluctuations in foreign exchange rates, and (ii) \$30 million increase in Operating Expenses, largely driven by increased estimates for formula-driven Incentive Fees.

Cash activities between June 1, 2016 and October 6, 2016 included (i) the collection of \$1.5 billion of recoveries from Non-Controlled Affiliates, primarily driven by recoveries from Bankhaus, LBAH, and LBF, (ii) the monetization of inventory of \$1.4 billion, primarily in the Private Equity/Principal Investments and Commercial Real Estate portfolios, (iii) the receipt of the income tax refund of \$335 million in Other, and (iv) operating expenses of \$61 million, including professional fees related to the Company's claims mitigation and litigation activities.

Of the \$1.8 billion of remaining Estimated Net Receipts shown in the Post-D11 CFE, the Company anticipates that approximately 55% will be collected by the end of 2017.

LBHI has recorded a liability related to this loan in Payables to Debtors and Debtor-Controlled Entities and Other Liabilities (see Note 9 in the Notes to the Balance Sheets).

Quarterly Financial Report as of October 6, 2016 (Unaudited)

D. Recoveries from Non-Controlled Affiliates

The Company estimates that Post-D11 CFE Recoveries from Non-Controlled Affiliates will be \$3.9 billion, which reflects a decrease in estimates of \$0.1 billion compared to Total Recoveries from Non-Controlled Affiliates presented in the Post-D9 CFE. The decrease was primarily driven by US Dollar appreciation against the British Pound and Euro, partially offset by an increase in estimated recoveries from Non-Controlled Affiliates.

Basis of Presentation

Recoveries from Non-Controlled Affiliates represent estimated recoveries on intercompany claims against affiliates of the Company that were not managed or controlled by a Debtor as of the Effective Date, including all affiliates that are subject to separate proceedings in Europe and Asia. (Further information on these intercompany claims against Non-Controlled Affiliates can be found in *Note 8 – Due from/to Affiliates* in the Notes to the Balance Sheets)

Estimates of recoveries from Non-Controlled Affiliates are based on information obtained from both Non-Controlled Affiliates' fiduciaries, as well as information obtained by the Company through settlement negotiations, involvement on creditors' committees and ongoing cooperative exchanges. Actual recoveries from Non-Controlled Affiliates may vary materially from estimates included herein.

In some cases, the Company's payments of obligations to Non-Controlled Affiliates are part of the resources used by such Non-Controlled Affiliates to pay their own obligations, including obligations payable to the Company. An example of a Non-

Controlled Affiliate with both substantial claims into the Company and payables to the Company is LBT.

For cases in which the Company has offsetting or partially offsetting payables to and receivables from certain Non-Controlled Affiliates, the Company has pursued and will continue to pursue offsetting arrangements with such Non-Controlled Affiliates to accelerate the distribution of cash to third party creditors. For consistency and comparability of reporting, the Post-D11 CFE reflects the full estimated recoveries from such Non-Controlled Affiliates prior to any offsetting arrangements.

Certain Non-Controlled Affiliates are in various stages of their respective wind-down processes, including final distributions and entity dissolutions.

The majority of estimated remaining recoveries from Non-Controlled Affiliates are contingent upon (i) the resolution of matters in dispute and/or active litigation, (ii) the receipt of non-U.S. government and/or Court approvals, and/or (iii) the final wind down of estates not controlled by the Plan Administrator. As such, the timing and amount of receipts of future estimated recoveries from Non-Controlled Affiliates is uncertain.

Recoveries from Non-Controlled Affiliates (*continued*)

For a breakdown of Non-Controlled Affiliates included within the Europe and Asia categories, including net receivables balances, refer to Note 8 in the Notes to the Balance Sheets.

For information on cash collections for the period between D9 and D11, refer to Note 8 in the Notes to the Balance Sheets and Cash Operating Reports.

LBHI2

The Company's estimates of recoveries from LBHI2 reflect the inclusion of the Company's interest in GBP 650 million related to the Joint Venture among LBHI2 and the Funds to facilitate the resolution of LBIE claims (refer to *Note 8* in the Notes to the Balance Sheets for additional information).

The Company's estimates of recoveries from LBHI2 do not reflect contingent receivables in excess of the Joint Venture's initial capitalization, nor do the estimates reflect potential contingent claims by LBIE against LBHI2. The Company's ultimate recoveries from the Joint Venture are conditioned upon the resolution of a number of complex legal disputes surrounding distributions from LBIE, including (i) the priority of surplus payments to subordinated debt versus post-petition interest to unsecured creditors, (ii) the existence and calculation of currency conversion claims, (iii) the interpretation of LBIE's pre-administration contracts, and (iv) various other legal issues. The final outcomes are contingent on a number of factors outside of the Company's direct control and are thus uncertain.

Quarterly Financial Report as of October 6, 2016 (Unaudited)**E. Operating Expenses**

The Company estimates that Post-D11 CFE Operating Expenses will be \$0.6 billion, which reflects an increase in estimates of \$30 million compared to Total Operating Expenses presented in the Post-D9 CFE.

Professional Fees

Professional Fees include fees paid to third party professional services firms, including legal counsel and other consulting and advisory fees supporting litigation activities, claims mitigation activities, bankruptcy and Plan-related activities, audit and financial-related services, and other administrative activities.

Compensation and Benefits

Compensation and Benefits include compensation, incentives, benefits, severance, and payroll taxes for employees of the Company as well as fees and expenses paid to Alvarez & Marsal North America, LLC ("A&M") for certain staff resources. Annual bonus and severance payments are typically paid in the beginning of the following calendar year, thus a significant portion of compensation and benefits expenses generally lags one year for cash reporting.

Incentive Fees

Incentive Fees include estimated formula-based incentive fees for the LBHI Board of Directors and third party professional services firms, including A&M and Houlihan Lokey Howard & Zukin Capital, Inc.

Estimated Incentive Fees increased by \$25 million due to formula-based increases in the calculation of incentive fees related to estimates for claims resolutions and increases in estimated total net recoveries.

Other Administrative Expenses

Other Administrative Expenses include asset management and infrastructure-related expenses, including but not limited to information technology, communications, outsourced asset management service providers, market data and analytics, and administrative expenses, such as insurance premiums, occupancy costs, taxes and filing fees, and employee expense reimbursements.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

Operating Expenses (*continued*)

Wind Down Expenses

The estimates herein assume that costs will continue to be incurred to monetize remaining financial assets, resolve outstanding litigations and disputed claims, and to execute the wind-down of operations. As the inventory of remaining assets is reduced, the Company expects that it will continue to focus on the management and resolution of claims, pursuit of outstanding litigations, and administrative wind-down activities. This continued focus is reflected in these Post-D11 Cash Flow Estimates for Compensation & Benefits and Professional Fees for litigation, claims resolution, and wind-down activities.

The estimates herein reflect the assumption that the preponderance of asset monetization, collections and claim mitigation activities will be completed by the end of 2018. As the Company cannot definitively specify a date for the final termination of activities, these Post-D11 Cash Flow Estimates include an estimate for residual activities that may extend beyond 2018 (final asset dispositions, resolution of remaining disputed claims, pursuit of outstanding litigations, remaining collections from Non-Controlled Affiliates, corporate entity dissolutions, and financial and tax reporting requirements).

- an adjustment in Recoveries From Non-Controlled Affiliates – Europe for claims against LBIE purchased by LBHI in the aggregate face amount of £153 million,
- an adjustment in Recoveries From Non-Controlled Affiliates – Asia for LBHI's contribution of its claims against LBCCA in the aggregate face amount of \$2.3 billion, net of \$1.3 billion of distributions, to LPTSI as a result of a corporate restructuring,
- \$114 million in "Pre-Petition intercompany Receipts from Controlled Entities" of future distributions that will be recovered by way of subrogation on account of guarantee claims corresponding to primary claims against LCPI and LBCS, and
- \$42 million in "Investments in Affiliates" related to the restructuring of LPTSI, which had been consolidated under ALI in previous Balance Sheets.

Quarterly Financial Report as of October 6, 2016 (Unaudited)

LBHI (continued)

Recoveries from Non-Controlled Affiliates

The Company estimates that LBHI will collect approximately \$2.5 billion from Non-Controlled Affiliates, of which the Company estimates that approximately 55% will be collected from LBF, Bankhaus, LBJ, and LB Asia Pacific (Singapore) PTE.

Pre-Petition Intercompany Receipts from Controlled Entities

Pre-Petition intercompany receipts include recoveries from distributions on Allowed Claims against Debtors (per the Plan), pre-petition intercompany receivables from Debtor-Controlled Entities, and Post-Petition Interest on allowed claims against LBCC. The Company estimates that LBHI will receive approximately \$2.9 billion, including (i) \$0.9 billion and \$0.4 billion from LCPI and LBSF, respectively, and (ii) \$1.5 billion from Debtor-Controlled Entities, primarily Luxembourg Finance Sarl, Lehman Brothers UK Holding (Delaware) Inc., LB RE Financing No.1, and LB I Group, which collectively represent approximately 84% of the aggregate receipts from Debtor-Controlled Entities.

Net Post-Petition Intercompany Receipts from / (Payables to) Controlled Entities

Net Post-Petition intercompany include the net settlement of Post-Petition intercompany receivables and payables between and among Debtors and Debtor-Controlled Entities, as described in the October 6, 2016 Balance Sheets and adjusted for (i) net receipts related to the allocation of estimated taxes payable in accordance with the Debtor Allocation Agreement, and (ii) various other items.

Investments in Affiliates

The Company estimates that LBHI will receive approximately \$1.3 billion, primarily from (i) LOTC of \$0.5 billion, (ii) Lehman Brothers UK Holdings (Delaware) Inc. of \$0.4 billion, and (iii) LBHK Funding (Cayman) No.1 Limited of \$0.1 billion.
